New Bedtime Stories Coloring Book NuBiAh Helps Local Black Youth Enhance Self-worth

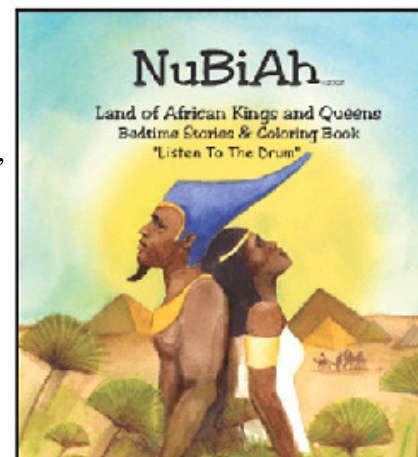

For many of us, Black History month is the perfect time to instill key values in our children. We carefully choose readings of significance to share with them.

NuBiAh is one such book that teaches history while establishing a strong sense of self worth. The unique series of bedtime stories teach the rich heritage that Black people came from.

Enjoy an entertaining work that encourages parents and children to get together to empower themselves with rich heritage. The psychology of the mind is extremely important in child development. As boxing great Sugar Ray Leonard said, "You have to know you can win. You have to think you can win. You have to feel you can win."

Behavior follows values. Biblically based book NuBiAh teaches key values and principles; such as, courage, dignity, integrity, honor and respect for fellow man. The book is filled with great examples to aspire to, such as, Queen Asantewa (strong woman of courage) King Hannibal (Master strategist) and Queen Nefertiti (the beautiful Queen who not only had a strong moral code but was even more skilled in politics and debate).

The Church community is happily
